PROFESSIONAL EXPERIENCE

Front End Web Developer, Self Employed

JAN 2018 - PRESENT — MARIA SZUBSKI DIGITAL, LLC — CINCINNATI, OH

Work with clients to strategize and build web applications, with an emphasis on single-page application architecture and accessibility. Translate wireframes into responsive, user-friendly interfaces with frameworks like React, GatsbyJS, and VueJS.

- Create and test component systems with Styled Components & StorybookJS.
- Create CSS keyframe animations and interactive SVGs.
- Build GraphQL queries to hook up headless CMS's like Contentful and Dato.
- Set up automatic deployment with GitHub and Netlify.

Chapter Leader, Instructor, Workshop Organizer

JUL 2017 - DEC 2018 — GIRL DEVELOP IT CINCINNATI   — CINCINNATI, OH

Responsible for leading and supporting instructors, volunteers, and students in the Cincinnati tech community. Planned quarterly course schedule, promoted events, fostered community partnerships, grew the chapter, awarded scholarships, and ran day-to-day operations. Event Coordinator in charge of training and overseeing meetup organizers. Instructor for Intro to HTML & CSS workshops.

UX Designer

NOV 2012 – DEC 2017 — NIELSEN — CINCINNATI, OH

Governed Nielsen's collection of big data applications to establish brand cohesion, consistency, and ease of use. Designed interfaces across multiple frameworks including AngularJS, Sencha, MicroStrategy, and D3. Created mobile applications that adhere to iOS and Material Design guidelines. Built and maintained Application Standards documentation website.
